## ◆ Connection Information

We will use zoom:

<https://zoom.us/>

Make sure to install the latest version. We will use some of the features that have recently been implemented. Also, please test your audio at

<https://zoom.us/test>

We will not be able to help you troubleshoot any issues on your end. The connection information can be found below. This meeting ID is effective for all 3 days. **Do not share it with anyone!**

Topic: SOKENDAI Asian Winter School

Please click the link below to join the webinar:

<https://us02web.zoom.us/j/85819136458?pwd=VCttOWF5QWg1Z25uajM0RzJQQmJidz09>

Passcode: 904750

Webinar ID: 858 1913 6458

Passcode: 904750

It is important to note that SOKENDAI cannot cover any costs for your connection (e.g., internet connection fee). The lecturers will use slides and the network traffic

may not be small. If you have any concerns about the connection fee, we suggest you join from your institute.

## ◆ Lectures

We will use the zoom webinar for the lectures. In most environments, you just need to click the link above to start the connection. You can of course manually type in the meeting ID and password. Some important notes:

- As mentioned above, please test your audio beforehand. We cannot fix any issues on your end.
- Please join with your name (i.e., do not use fake names or random ID).
- Unlike zoom meeting, you will not be able to see other participants in webinar. Your video and microphone are disabled by default.
- There will be a Q&A session at the end of each lecture. Please push the 'raise hand' button on your zoom window if you have any questions. The organizers will pick a questioner, and the questioner will be asked to unmute his/her microphone.
- You can also type in questions in the Q&A Box on your zoom window. The lecturer cannot answer your question during the lecture, but we may pick some

of the questions at the Q&A time.

- During the lecture, the URL for each day's attendance registration form will be provided on Zoom. Those who want to have certificate of participation must register their attendance by the end of all lectures for that day.

## ◆ Breakout Session

We hold the breakout session on the last day. This is an informal session to interact with other participants. We will use the zoom meeting (not webinar) for the breakout session. Follow the link below to join the zoom meeting.

Sokendai\_NAOJ is inviting you to a scheduled Zoom meeting.

Topic: Asian Winter School\_ break out session

Time: Feb 4, 2021 03:00 PM Osaka, Sapporo, Tokyo

Join Zoom Meeting

<https://us02web.zoom.us/j/84819966132?pwd=SkxHblBOTVBQMkVyeUNacklFbTh1QT09>

Meeting ID: 848 1996 6132

Passcode: 830534

We use zoom's 'breakout rooms' feature. Once again, make sure you have the latest version installed. There are several breakout rooms with different subjects. You can choose which one to join. Each breakout room is assigned a chairperson

by the organizers and he/she will lead the discussion/conversation there. The organizers will give an instruction on how to join a room at the beginning of the session. If you connect via H.323, which is a standard protocol for a TV conference system, you may not be able to choose a room yourself. You can stay in the main meeting for an informal chat.

### ◆ Code of Conduct

Please behave professionally. Any form of disrespect, harassment, discrimination, or bullying is completely unacceptable. Treat others with respect. The organizers of the winter school bear a responsibility to ensure that conduct is appropriate. If you observe an inappropriate comment or action, report to the organizers.

### ◆ Certificate of participation

Certificate of participation will be issued in PDF format to those who have requested them when applying for the program and whose attendance at the program has been confirmed. Please be noted that it may take some time to issue. If you no longer need a certificate of participation, please contact us.
